Research-focused, AI-native UX/UI designer. I come from illustration and years of customer service: I know how to listen to users and turn what I learn into product, from the interview to the coded prototype.

UX/UI PROJECTS

MASTER'S THESIS · 7 WEEKS · TEAM OF 4

CulturALT
An app to discover Valencia's cultural agenda, currently scattered across a thousand channels. I ran user interviews, worked on the UX design and created the app's illustrations and animations.

MASTER'S · 2 MONTHS · TEAM OF 3 · ACADEMIC CONCEPT

Rookie · Decathlon
An app to help new runners stick with it. Interviews and scorecards to validate hypotheses; I designed my user stories (sign-up, plan and mentor) and prototyped them in HTML, CSS and JS.

SOLO · 8 WEEKS

Reimagine
Home page for a running apparel brand. I defined the brand attributes and messaging pillars, ran a benchmark and moodboard, and designed and launched the landing page.
